

## Fuel Surcharge Program Details & Table

### Grains & Feed (Ag Products) – Mileage-Based – \$2.50

#### BNSF Rules Book 6100, Item 3376, Sec. B – Carload Fuel Surcharge

A mileage-based fuel surcharge is assessed on Carload shipments subject to this item, when applicable. [Applicable STCC Numbers](#)

The Carload Fuel Surcharge for the current month is based on the [U.S. Average Retail On-Highway Diesel Fuel \(HDF\)](#) from two months prior. For example, the fuel surcharge assessed in July would be based on the monthly average HDF price from May. The Fuel Surcharge table reflects the HDF price and associated fuel surcharge.

Fuel surcharge questions should be forwarded to your BNSF Marketing representative. Updates to the Rules Book will be posted late 2010.
